

Retaining Wall/Sidewalk Work  
US 29 East (University Blvd – Timberwood Avenue)  
Silver Spring, MD

As a reminder, we are under construction and the sidewalk will be closed through July at US 29 sidewalk East bound, between University Boulevard and Timberwood Avenue. Work will consist of closing the sidewalk down until completion of the project. Work is to occur between Monday through Saturday, 9am – 3pm.

To complete this work, crews are permitted to close the right turn lane in the east direction on US 29. During this lane closure, drivers can still turn right on Timberwood Avenue. Additionally, pedestrians will be directed to the safest route behind concrete jersey barriers protected from vehicular traffic.

For more information about this project prior or during construction, please contact Don Fens, Property Manager at (703) 442-4351 or [Donfens@regencycenters.com](mailto:Donfens@regencycenters.com).

Thank You!
